

Spotless

Premium rinse aid

Spotless is a premium rinse aid liquid designed to ensure quick water drainage, elimination of water spotting and producing streak free results on crockery, cutlery and glassware in automatic dishwashing processes.

BENEFITS

- Ensures quick water drainage, providing dry, sparkling, spot-free glassware, crockery and cutlery
- Assists in preventing scale build-up caused by hard water salts.
- Economical – only requires a small dose per rinse cycle.
- Suited to all types of automatic dishwashing machines.

DIRECTIONS for USE

Read safety directions before use.

1. Follow the dosing system manufacturer's guidelines. Normally 1ml per litre of water is sufficient. Should be injected directly into the rinse line just before the water heater. This will ensure that the water heater is maintained free of scale.
2. Ideal for use in the rinse aid reservoir of the standard domestic automatic machine.

TIPS

- Regularly check that the warewasher's temperature settings are correct.
- Regularly check for obstructions in the wash and rinse nozzles.

PRODUCT SPECIFICATIONS

pH: 6.5

Dilution: Follow manufacturers guide

Fragrance: None

Safety: Non hazardous

Colour: Clear blue liquid

Packaging: 5Lt & 15Lt
