

Stone Soap

Advanced, hard-surface cleaning formulation.

Stone Soap is an advanced specialty formulation for cleaning natural stone surfaces. Stone Soap is ideal for all cleaning applications, but is particularly good when used for post polishing cleans.

Description:

Stone Soap is an ultra-concentrated, neutral pH cleaner for natural stone and quartz surfaces.

BENEFITS

- Ultra-concentrated.
- Easy-to-use solution.
- Environmentally friendly and safe for use on food preparation surfaces.
- Cleans and protects the stone in one simple operation.
- Leave a micro-coating to resist soiling.

PRODUCT SPECIFICATIONS

Product code: AP184

pH: 9.2 - 9.8

Dilution: See directions

Fragrance: N/A

Colour: Tan

Substrate Suitability: All natural stone and quartz surfaces

Packaging: 5Lt and 500ml.

HOW TO USE

Read and understand the SDS before use.

Always pre-test in an inconspicuous location for substrate sensitivity to chemicals.

Directions:

1. Add 1ml of Stone Soap per 2Lt of warm water. (5ml of Stone Soap in 10Lt)
2. Follow normal cleaning techniques using an autoscrubber, mop or microfibre cloth.
3. No rinsing required.

To revive slightly dulled stone surfaces:

1. Add 20ml of Stone Soap per 2Lt of warm water. (200ml of Stone Soap in 10Lt)
2. Mop onto stone surface then allow to dry.
3. Once dry, buff with a white pad to revive lustre and deep shine.
4. No rinsing required.
