

# Glassmatic

Non-caustic glasswash detergent

Glasses when washed between drinks must use a glasswash detergent to remove deposits left on the surface from use to maintain hygiene and beverage quality.

Brewery approved Glassmatic Glasswash, eliminates the need for drying agents such as rinse aids. Glassmatic Glasswash is the preferred detergent as it has the ability to hygienically clean, lifting stains from the glass and also be brewery approved. Glassmatic Glass Wash delivers cleaner glasses and polycarbonate eliminating many of the common WH&S issues for bar staff, by using a non-corrosive product.

Using Glassmatic Glasswash detergent in your glasswasher helps beer hold its head for longer in the glass. No wonder it is Australia's favourite everyday glasswash detergent.
