

Grease Buster

Premium oven & grill cleaner

Grease Buster oven and grill cleaner is a modern heavy-duty, high caustic cleaner, boosted with a proprietary low odour solvent/surfactant system. It rapidly penetrates grease, oil and carbon build-up and suspends them for easy rinsing.

BENEFITS

- Powerful Soil Emulsification – Fast acting powerful alkali and emulsifying action breaks through heavy grease, fat and carbon build-ups.
- Low Odour Formula – Solvent system is low in odour and low in toxicity. Minimises chemical fuming.
- Safe on Equipment – Does not cause rusting of iron and steel components.
- Versatile – May be used to remove heavy grease deposits from concrete floors, tiles and other resistant surfaces.

WHERE TO USE

For the cleaning of grills, ovens, range hoods, filters, bakery racks and baking equipment in commercial kitchens, restaurants, fast food outlets and food manufacturing plants.

DIRECTIONS for USE

Cleaning Ovens

- Heat the oven to 70°C and switch off the main switch.
- Use undiluted for all grill and oven surfaces.
- Apply with a spray bottle or brush.
- Allow to penetrate for 30 minutes and then wipe down with a wet cloth or sponge.
- Rinse well with water.
- Scouring action may be needed to remove stubborn deposits.

Cleaning Filters

- Dilute 50ml/litre of water (1:20)
- Remove filters from canopy and allow to soak in hot solution.
- Remove and rinse well with clear water.

Tips

- DO NOT use on electrical components, paintwork, aluminium or vinyl tiles.
- Keep container closed for maximum performance.

PRODUCT SPECIFICATIONS

pH: 14

Dilution: Ready to use

Fragrance: None

Safety: Corrosive

Colour: Clear brown liquid

Packaging: 5Lt & 15Lt
