

Sanpro

Antibacterial hand soap

Sanpro is a premium quality, liquid hand soap made specifically for use in health care facilities and medical institutes. Carefully created to be a viscous, pearlized, lathering hand soap incorporating Irgasan DP 300 biocide. It is pH balanced with a non-irritant, moisturising,

non-soap formula making it the ideal choice for sensitive skin and everyday hand wash usage. In fact wherever there is a need for clean hands and bacterial infection control.

BENEFITS

- Sanitizing Action – Sanpro incorporates Triclosan (Irgasan) for effective skin sanitization.
- pH balanced – the pH level is carefully adjusted to match that of your skin.
- Mild formula – contains gentle touch cleansers with non-irritant, coconut derived skin conditioners and moisturizers. Does not contain SLS nor Phenols.
- Food Safe – Sanpro is safe for use in food preparation areas.

WHERE TO USE

Sanpro is ideally suitable for use in health care facilities, day care centres, medical institutions, veterinary surgeries and food preparation facilities.

DIRECTIONS for USE

Read and understand the Material Safety Data Sheet (MSDS) before use

Pre-test in an inconspicuous location for substrate chemical sensitivity before use.

Dilution

Bulk fill dispensers should be regularly cleaned with hot water.

Follow dispenser instructions for re-filling with Sanpro.

- Dispense 5 ml of Sanpro onto moistened hands.
- Work up into a rich lather. Clean in between fingers and use a nailbrush to clean fingernails.
- Rinse hands with potable water and dry on new paper towel.

Tips

- Keep container closed for maximum performance.
