

Foamex Powder

Powder defoamer concentrate

Foamex Powder is a professional anti-foaming powder which prevents foam from forming in wands and hoses. It's innovative powder form, makes it easy to use and highly effective.

BENEFITS

- **High Performance** - Foamex Powder provides high performance foam collapse for operator peace-of-mind.
- **Easy to Use** – Simply sprinkle or “chicken feed” Foamex Powder onto the carpet ahead of extraction cleaning. All foam is immediately eliminated in the wand, vacuum pipes and waste tank.
- **Compatible** – Will not affect pH or alter cleaning performance.
- **Protects Machine Components** – Prevents foam from entering and damaging vacuum motors and blowers.
- **Enhances Vacuum Performance** – Foam build-up is a common cause of poor suction performance. Using Foamex Powder eliminates this problem at the source.

DIRECTIONS for USE

1. Springly sprinkle or “chicken feed” Foamex Powder over the entire carpet immediately prior to the extraction step.
2. If the carpet requires spotting or a prespray treatment, apply Foamex powder after this treatment.
3. Extract immediately after applying the Foamex Powder.

PRODUCT SPECIFICATIONS

Product Code: AP436

pH: N.A.

Dilution: Ready to use

Fragrance: Honey

Safety: Non-hazardous

Colour: White powder

Substrate Suitability: All fibre safe

Packaging: 1kg, 5kg & 20kg
