

Forest Fresh

AUST L374141

Commercial grade disinfectant & deodoriser

Forest Fresh is a neutral, commercial grade disinfectant, ideal for the cleaning and sanitising of bacteria sensitive areas. It utilises a combination of potentiated quat biocides and a pleasant fragrance to effectively disinfect and freshen a wide variety of areas.

For areas such as public areas, hospital wards, change rooms etc, where germ-free surfaces and odour control is an issue, Forest Fresh makes an ideal all-round cleaner for all hard surfaces.

BENEFITS

- Anti-microbial - Will efficiently kill a wide spectrum of micro-organisms (Commercial Disinfectant Grade), including Pseudomonas, Escherichia Coli, Staphylococcus Aureus, SARS CoV-2 (COVID-19), Enterococcus Hirae and Candida Albicans.
- Contains a quat booster and wetting agent, which enhances the ability of the sanitizer to effectively penetrate and destroy micro-organisms.
- Deodorizes - Has a fresh, lingering forest pine fragrance.
- Cleans and sanitizes in one operation.
- Safe to use on all types of floors, whether sealed or not. Will not dull polished flooring. Safe on all water-cleanable surfaces.
- Destroys bad odour-causing germs, rather than masking them.

DIRECTIONS for USE

Read & understand the Safety Data Sheet before use
Pre-test delicate substrates for chemical sensitivity.

Dilution

- For cleaning and disinfecting hard surfaces, dilute 40ml per litre of water (1:25).
- For cleaning and sanitizing floors or general deodorizing, dilute 40ml/litre of water (1:25).
- If large amounts of organic matter are present, the surface should be cleaned twice for effective disinfection.

Cleaning

- Apply solution using clean equipment.
- Scrub if soil is stubborn. Allow at least 8 minutes contact time for maximum anti-microbial efficiency.
- Rinse with clear water if desired.
- Soak bed pans etc, in Forest Fresh solution for 8 minutes or longer before rinsing.
- 5 minute dwell time required for COVID-19 disinfection.

Actiflow Dispenser:

Use an Actiflow dispenser and applicator bottle for accurate, easy & safe dispensing.

PRODUCT SPECIFICATIONS

Product code: AP651

Fragrance: Crisp forest pine

Colour: Clear, green liquid

Packaging*: 5Lt & 750ml applicator spray bottle

*Recycle empty containers.

Disposed of unused product in accordance with local government regulations.
