

STV Cleaner Pro

Premium Commercial Floor Cleaner
Low Residue • Low Foam • Anti-Resoiling

STV Cleaner Pro is a premium low-foaming commercial floor cleaner developed for the professional maintenance cleaning of hard floor surfaces.

Its advanced formulation delivers outstanding removal of walked-in soil, oily grime and everyday commercial soiling while leaving minimal residue.

Suitable for use with autoscrubbers, spray & extract systems and traditional mop applications, STV Cleaner Pro is safe for use on a wide range of modern floor finishes, including factory-finished vinyl, epoxy coatings, terrazzo, natural stone and NeverStrip™ treated floors.

Benefits

- Provides exceptional removal of walked-in soil, oily grime and everyday commercial soiling without leaving sticky residues.
- Low foaming formulation delivers outstanding performance through autoscrubbers, spray & extract systems and traditional mop applications.
- Advanced anti-resoiling technology helps floors stay cleaner for longer while promoting a streak-free finish.
- Safe for use on factory-finished vinyl, burnished floor finishes, NeverStrip™ treated floors, epoxy coatings, terrazzo, natural stone and penetrating sealer treatments.
- Dual anti-corrosion package helps protect professional floor cleaning equipment during regular use.

STV Cleaner Pro

Premium Commercial Floor Cleaner
Low Residue, Low Foaming.

pH: 10.5
MILD ALKALINE

Solution

Maintaining clean, professional-looking floors in busy commercial environments can be difficult, with walked-in dirt, oily residues and detergent build-up causing floors to quickly lose their appearance. Many cleaners also leave residues that contribute to rapid resoiling and reduced cleaning efficiency.

STV Cleaner Pro effectively removes everyday commercial soiling while its low-residue, anti-resoiling formulation helps floors stay cleaner for longer, improving cleaning productivity and reducing ongoing maintenance.

Directions For Use

For PROFESSIONAL use only.

Always pre-test in an inconspicuous location for substrate sensitivity to chemicals.

Application

1. Dilute STV Cleaner Pro according to the level of soiling.
2. Apply using an autoscrubber, iMop®, spray & extract system or mop bucket.
3. Agitate where required using an appropriate brush or floor pad.
4. Recover cleaning solution and allow the floor to dry.
5. For heavy-duty cleaning applications, rinse thoroughly with clean water.

Product Specifications

Product Code:	AP668
pH:	10.5
Colour:	Purple
Fragrance	Floral
Safety:	Warning
Packaging:	5Lt & 15Lt
